

## Emergency Services Telephone Fee Return Instructions

Line 1 Enter the total local exchange service switched access lines, minus the number of access lines provided for public coin telephone service.

Line 2 Enter the total number of revenue producing radio communications access lines.

Line 5 Adjustments may be made for bad debts and canceled services upon which the fee has been reported and paid in full by service providers to the Tax Commission. In the case of canceled services, a refund or credit for the fee must be given to the purchaser before the provider may take an adjustment. The adjustment amount allowed is the total emergency services telephone fees charged off as bad debt or canceled services, plus recoveries made on the bad debts.

The fee is in addition to other taxes and fees. The fee is required on each local exchange service switched access line and each revenue producing radio communications access line that is subject to the 911 emergency services telephone charge levied by a public agency under Utah Code Ann. Section 69-2-5.

This emergency services telephone fee is separate from the 911 emergency services fee, and is reported separately. You must continue to remit the 911 emergency services fee to your local public agency in the manner provided by that agency.

Complete and file this return with the Utah State Tax Commission to the address on the front of the coupon by the last day of the month following the calendar month in which the fee is billed.

If you have questions or concerns regarding the Emergency Services Telephone Fee Return, please call (801) 297-2200 or (800) 662-4335.

If you need an accommodation under the Americans with Disabilities Act, contact the Tax Commission at (801) 297-3811 or TDD 297-3819. Please allow three working days for a response.

**PLEASE RETURN ORIGINAL TO ADDRESS ON FRONT**

**RETAIN PHOTOCOPY FOR YOUR RECORDS**
